HOW TO VOTE

When items are available for voting, you can vote on all items as quickly as you wish. Click on the vote icon on top of your screen to access. You may also experience that Items are pushed to your screen by technical operator.

To vote, press your choice on each of the items. FOR, AGAINST or ABSTAIN. Once you have cast your vote, you will see a confirmation text stating your vote. You may also get a choice where you can vote jointly on all items. If you use this option, you can still override the choice on single items one by one if desired.

You can change or cancel your votes as many times as you like, until the chair of the meeting concludes the voting on the individual items. Your last choice will be valid.

NB: Logged in shareholders who have voted in advance or given a power of attorney, will not have the opportunity to vote. They can still follow the meeting and write messages if desired.

QUESTIONS / COMMENTS TO THE GENERAL MEETING

Questions or comments relating to the items on the agenda can be submitted by shareholders and appointed proxy at any time during the meeting as long as chair of the meeting holds this open.

If you would like to ask a question relating to the items on the agenda, select MESSAGING on top of you screen.

Enter your question in the message box that says "Ask a Question". When you have finished writing your question, click on the submit button.

Questions submitted online will be moderated before going to the chair. This is to present question/comment at appropriate time, avoid repetition of questions as well as possibly removal of particular inappropriate language.

All shareholders who submit questions will be identified with their full names, but not holding of shares.
